

Michelle Gold- Suggested intro (For Non Religious TV & Radio)

There's a little Jewish girl in Brooklyn here with us today. Once disowned for her faith, rejected by her father and now filled with JOY, this girl is a true overcomer of life's difficulties and trials.

Michelle (a worldwide independent recording artist (also an author) has opened up for **Gladys Knight**, sang for **Lena Horne** and also sang for the **surviving families of 911 firefighters in NYC**. She and her husband Joe have toured the US, Europe, El Salvador and Israel, sharing their faith & healing stories.

In addition to 4 albums on Apple Music, Michelle has appeared on National TV shows, CBN (The 700 Club) and Sid Roth "Its Supernatural." Her vision, like Esther is to bring salvation & healing to her people for such a time as this. Ladies and gentleman...Michelle GOLD.
